

Global Financing Facility The Dutch Investment Case

8 Novembre 2018

Positive elements

- 30 % of resources to SRHR (and in-direct)
- Commitment domestic resources prior to start
(more resources and more sustainable)
- Investment case:
 - Countries in the lead!
 - Involvement different sectors / stakeholders
 - Health priorities, but also link to financial resources
- Focus on Sahel in expansion
- Long term financing in investment case (Tax, insurance)

Criticism

- Capacity for investment case and its implementation
- More loans?
- Involvement CSO/NGO
- Speed of expansion
- Governance

Why investing in GFF?

- SRHR and Gender on a large scale
(50 countries)
 - Opportunity for SRGR diplomacy (Freedom of Choice and Youth)
 - Ownership Countries – domestic resources – sustainable solutions
 - Harmonisation / coherence (multilaterals, private sector, NGO's etc)
 - Role Thematic Experts at embassies
- > Opportunity to influence shape
