

## Generation Equality Forum Paris – Reflections and Opportunities for Gender Equality and SRHR Advocates

Share-Net Netherlands and WO=MEN Dutch Gender Platform, in collaboration with Rutgers and CHOICE for Youth & Sexuality kindly invite you to this upcoming virtual debriefing meeting on the Generation Equality Forum Paris.

The Generation Equality Forum is a global process initiated by UN Women to celebrate progress since the Beijing Conference on Women in 1995 and to keep gender equality and women's rights on the international political agenda. In the past year, six thematic multi-stakeholder action coalitions and a global compact were launched to develop priority actions and foster new commitments to further the Beijing agenda.

Together with representatives from the Dutch Ministry of Foreign Affairs, this meeting will provide a space for civil society in the Netherlands to share reflections and discuss strategic opportunities for advocacy following the Generation Equality Forum in Paris (30 June - 2 July 2021).

Although the Generation Equality Forum's agenda is wider, this debriefing will primarily zoom into these four thematic areas:

- Youth participation (as cross-cutting theme)
- Women, peace and security (Compact)
- Bodily autonomy and sexual and reproductive health and rights (Action Coalition 3)
- Feminist movements and leadership (Action Coalition 6)

We look forward to seeing you there.

### Target audience

This meeting is primarily organised for members of Share-Net Netherlands and WO=MEN and other SRHR, women's rights and gender equality advocacy organisations. The virtual meeting is open to all interested participants.
